March 18, 2022

Dear Friends and Participants:

Registration continues for the next semester (April – June) and classes are filling up quickly. We are actually trying to add additional Functional Fitness classes as many of them have already been filled. As classes are added, the newsletter (add link) will be updated. We're so pleased that you are all coming back and are taking advantage of our beautiful fitness center.

I know many of you follow the UCONN Huskies women's basketball team, as much as I do. They kick-off March Madness this weekend with a game on Saturday at 1:00 pm. If they win, they play again on Monday. Let's wish them luck as they begin their journey to the Final Four!

Please continue to pray for peace,

Sue
